## COMPONENT AND PROFILES

### 2016

Since 1972...

Oba Perdesan offers products and services for the interior window covering industry since 1972. With its dedicated 300 employees and 3 production facilities in Turkey. Oba Perdesan provides approximately 1.5 mil finished blinds, 3 mil meter fabrics and 1200 ton aluminium profiles and plastic components to the market.

With high technology infrastructure, having knowledge and experiences over 40 years, finished blind assembling plant in Gebze. OBA produces both ready-made and made-to measure vertical blinds, aluminum venetian blinds, roller blinds, zebra blinds, screen blind, wooden venetian blinds, roman blinds, Japanese/Track blinds for Home furniture market and DIY stores.

With D'elite brand we also propose solutions for automatization and motorized blinds which are adaptive to smart home systems for various construction companies and project market.

Our Technical-textile coating facility in Gebze is produces transparent, translucent, black-out fabrics up to 320 cm width with flame-retardant, anti-bacterial and digital printing options.

OBAL Aluminium is founded in Zonguldak-Eregli in 2012 with its integrated production plant covering an area of 14.000 m2. It provides construction profiles such as window and doors to the market. 3 extrusion lines equipped with 1200 ton presses and have production capacities over 600 tones monthly. All stages are controlled by strict quality procedures according to ISO9001-2008 standard and the geometrical dimensions of the profiles and the hardness of the products are kept under control.

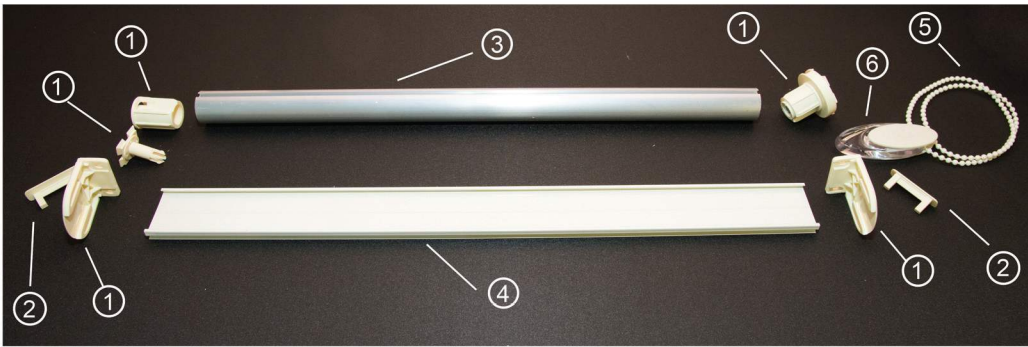

OBAL Plastic in Zonguldak – Ereğli started production in 2016, produces PVC vertical slats and plastic component for the interior sun decoration systems using extruder and grouting machine.

**M3 Mechanism  
Metal Bracket 32mm**

- 1- M3 mechanism (31145)
- 2- M3 mechanism side end for metal (31151)
- 3- M3 mechanism control support (31175)
- 4- M3 mechanism end control support (31174)
- 5- Plastic cover for M3 metal support (31178)
- 6- Aluminium tube for blue mechanism (30129)
- 7- Metallic ball chain (36884)
- 8- Ball chain weight - Transparent (31224)

\* (WHITE COLOR COMPONENTS ARE USED THIS MODEL)

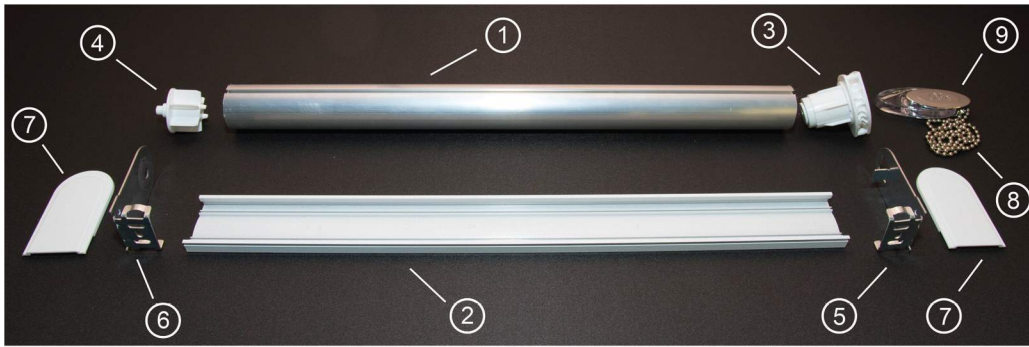

**Jumbo Mechanism 38mm**

- 1- Aluminium tube for jumbo mechanism (31051)
- 2- Head rail for blue mechanism (30148)
- 3- Jumbo mechanism set (30992)
- 4- Metallic ball chain (36884)
- 5- Ball chain weight - Transparent (31224)

**47mm Mechanism with gear**

- 1- 47mm mechanism with gear (31204)
- 2- Tube side end for 47mm mechanism (31205)
- 3- 47mm mechanism with gear system control unit support (31203)
- 4- 47mm mechanism with gear system end control unit support (31201)
- 5- Aluminium tube for 47mm (31076)
- 6- Head rail for multiple system (30153)
- 7- Metallic ball chain (36884)
- 8- Ball chain weight - Transparent (31224)

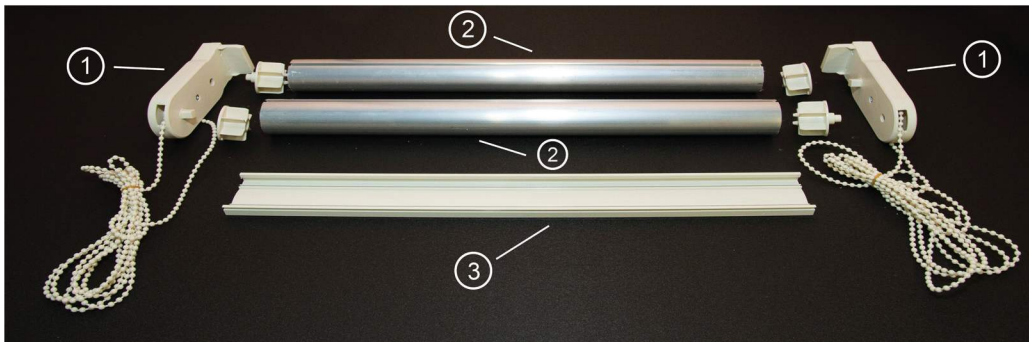

\* (BEIGE COLOR COMPONENTS ARE USED THIS MODEL)

**Double Roller Blind Mechanism With Middle Bracket**

- 1- Double roller blind mechanism with middle bracket set (31064)
- 2- Head rail for multiple system (30152)
- 3- Aluminium tube for blue mechanism (30129)
- 4- Tube for super mechanism (30635)

\* (WHITE COLOR COMPONENTS ARE USED THIS MODEL)

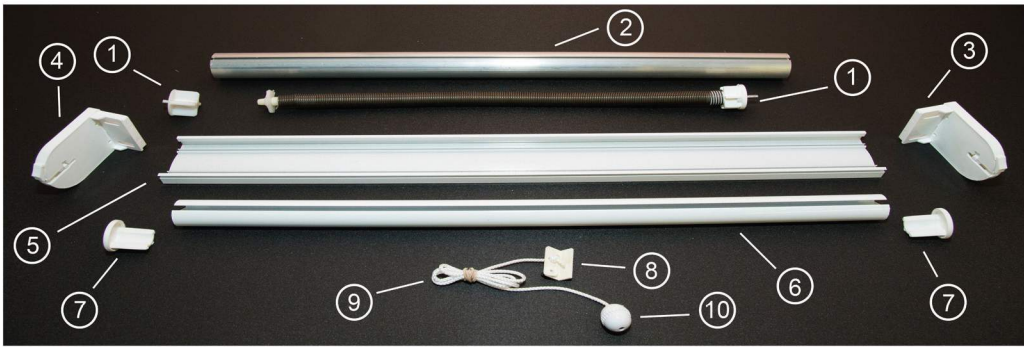

**Double Roller Blind 38mm Mechanism**

- 1- Double Roller Blind 38mm Mechanism Set (31220)
- 2- Aluminium tube for 38mm (31195)
- 3- Head rail for blue mechanism (30145)
